

# MAYAN FAMILIES

## Kids in Critical Need

**The Problem:** Children growing up in extreme poverty in Guatemala often struggle to receive what they need to succeed in school. Growing up without one or both of their parents, children may lack access to proper nutrition, emotional support, parental guidance, and structured time for extracurricular activities.

**The Goal:** Our Kids in Critical Need Program provides nutritional, educational, and psychological support to children in vulnerable situations.

**12,000**  
nutritious meals to  
at-risk youth

**15,000**  
combined hours  
of tutoring and  
educational support
